

**Dan Schantz Greenhouse & Cut Flower Outlet**

**Tomato Variety List for 2023**

Grown on our farms and delivered **when ready** throughout the season

**DETERMINATE:** (bush) varieties do not need pruning and may be grown with or without support; fruit ripens within a concentrated time period.

**INDETERMINATE:** (climbing) varieties should be staked, trellised, or caged, and pruned for best results; fruit ripens over an extended period.

Type	class	Series	Variety	Description		Sizes available
tomato	beefsteak	red	<b>Beefmaster</b>	(VFNASt) One of the most popular hybrid beefsteak-types, with improved disease resistance. Solid, meaty, bright red tomatoes weigh up to 2 lbs. Better yields, larger fruits and good tolerance to cracking and splitting		Mid to late season, Indeterminate. 80 days to maturity. 2 lb. fruit 3.25 (cups) , 1204 packs and Jumbo square
tomato	beefsteak	red	<b>Beefsteak</b>	lush, thick, indeterminate, regular-leaf, tomato plants that yield from vigorous vines, 4 to 5-inch, slightly ribbed, bright-red tomatoes that have spectacularly delicious, sweet flavors. This tomato's excellent taste and meaty flesh make it an ideal tomato for eating fresh or cooking, for slicing into sandwiches, using in salads or for canning!		Indeterminate, late season. Up to 2 lb fruit 3.25 (cups)
tomato	beefsteak	red	<b>Skyway 687</b>	Attractive red, moderately ribbed 8-12 oz. tomatoes. Delicious and meaty- best known for its resistance to southern blight and disease resistance. Very good flavor and fruit quality.		Mid season, 2 to 4 lb fruits. Indeterminate 3.25 (cups)
tomato	heirloom	reddish pink beefsteak	<b>Brandywine red</b>	Brandywine, which dates back to 1885, is the heirloom tomato standard. One taste and you'll be enchanted by its superb flavor and luscious shade of red-pink. The large, beefsteak-shaped fruits grow on unusually upright, potato-leaved plants. The fruits set one or two per cluster and ripen late—and are worth the wait. Brandywine's qualities really shine when it develops an incredible fine, sweet flavor.		late season, Indeterminate fruit weight avg. 14 ounces 3.25 (cups)
tomato	heirloom	pinkish-red beefsteak	<b>Omars Lebanese</b>	This old variety, a favorite in tomato taste trials, comes from a farming hill town in Lebanon. Growing to 1½ lb., the large, pink, flattened fruits delight with their sweet, rich, complex flavor. The vigorous indeterminate vines are disease-resistant.		Indeterminate, mid season. Large up to 1 1/2lb fruit. 3.25 (cups)
tomato	heirloom	orange beefsteak	<b>Amana Orange</b>	This huge orange heirloom tomato takes its name from Iowa's Amana Colonies, one of America's longest-lived communal societies, where it has been a long-time favorite. <b>With a mild, sweet, tropical flavor</b> , this beefsteak variety's fruits are light orange and fluted, growing up to 1-2 lb. on indeterminate vines		Late Season, Indeterminate. Large 1 to 2 lb fruits. 3.25 (cups)

tomato	Mid season yellow	Orange beefsteak	<b>Kellogg's breakfast</b>	This giant sets fruit weighing anywhere from 16 to 32 ounces. Slightly flattened, the globes are massive, hanging over the edges of sandwich bread. A good mix of solids and gels makes for a delicious bite, and you'll need many, many bites to finish just one Kellogg's Breakfast!		80 days, Mid to late summer, 16 oz avg fruits.	3.25 cups
tomato	heirloom	Slicing Purple	<b>Cherokee Purple</b>	Flavor is rich and full—This large dark purple heirloom tomato from Tennessee is rumored to have come from Cherokee gardeners. Rich, full flavor, it's often compared with Brandywine. The flesh is brick-red and very attractive sliced on a plate. Plants produce large vines that yield tomatoes fully 5" across and 3½" deep.		Indeterminate, 5 inch tomatoes. Late season	3.25 (cups)
tomato	heirloom	black beefsteak	<b>Paul Robeson</b>	This "black" beefsteak tomato is slightly flattened, round, and grows to 4-inches. Its deep, rich colors, a dusky, dark-red, with dark-green shoulders, and red flesh in its center, stand it apart from others. Very flavorful fruits with luscious, earthy, exotic flavors and good acid/sweet balance. (FYI, Paul Robeson sang "Ol Man River" in the musical Showboat (movie)		Mid season, indeterminate. Tolerates cooler weather. Up to 2 lb fruit.	3.25 (cups)
tomato	heirloom	Dark maroon Beefsteak	<b>Black Krim</b>	80 days. Dark red-purple fruit, rich sweet flavor. One of the best. It always places high in tomato taste trials. It's very juicy. An heirloom from Russia with very unique looking, large fruit. I really like the wonderful flavor. It's popular at many markets on the West Coast; a favorite of many fine chefs.		Mid Season Slicer, large 8 oz fruit. Indeterminate.	3.25 (cups)
tomato	heirloom	reddish pink beefsteak	<b>Grandfather Ashlock</b>	From Carl Ashlock of North Carolina, this tomato was developed by his family in eastern Kentucky. It is a potato-leaved pink tomato of outstanding eating quality.		Indeterminate, mid season. Potato leaf plants yielding 1 to 2 pound fruit.	3.25 (cups)
tomato	heirloom	Dark Pink beefsteak	<b>Mrs. Maxwell's Big Italian</b>	30 years ago Mrs. Maxwell of Missouri was given tomato seeds by a friend from Italy. She valued the tomato so much that for the next thirty years she saved the seed, choosing the largest, earliest, noncracking tomatoes each year. Large, very prolific, indeterminate, potato-leaf tomato plants that yield 1-2 pound, 3 to 4-inch, dark-pink beefsteak tomatoes with incredible flavor. A perfect tomato for eating fresh off the vine or as a canning tomato or for cooking into a tomato sauce. Another winner!		Large 1 to 2 pound fruit (3 to 4 ") Indeterminate.	3.25 (cups)
tomato	heirloom	red beefsteak	<b>Andrew Rahart</b>	So juicy, so sweet, so delicious...this huge beefsteak is best eaten straight from the hand to enjoy its fresh-from-the garden flavor. Smother a sandwich with a jumbo slice to add just a hint of tartness. Disease resistant, sturdy vines support intensely red, smooth skinned, 4" fruits, 12 to 24 oz. each. Superior yields.		Indeterminate, late season. Large avg. 1 pound fruit.	3.25 (cups)
tomato	heirloom	Pink / Burgundy Stripe beefsteak	<b>Vintage Wine</b>	One of the very few pastel-hued tomatoes. A favorite of gourmet grocers, with attractive, 1-1/2 lb., dark pink fruits with deep burgundy insides. Elegant, sweet and tasty, with a nice, mild flavor that compliments most dishes. Tall, 78" plants with potato-leaved foliage. Thin skinned, delicious		indeterminate, mid season. 1 to 1/12 lb fruit. tall 6' plants.	3.25 (cups)

tomato	heirloom	bicolor orange/yellow stripe beefsteak	<b>Marvel Stripe</b>	Beefsteak originally from Oaxaca, Mexico. <b>Largest of the bi-colored tomatoes.</b> Indeterminate, regular leaf plant produces 3-4-inch, 1-2 pound, beautiful tomatoes with sweet, mild, fruity flavors. Very popular market tomato.		Late season, Indeterminate. 1-2 pound tomatoes	3.25 (cups)
tomato	heirloom	Pink Beefsteak	<b>Julia Child</b>	"Julia Child" is an open-pollinated, heirloom tomato. The tall, indeterminate, potato-leaf plant produces lots of 4-inch, deep-pink, lightly-fluted, beefsteak fruits that have the kind of robust tomatoey flavors and firm, juicy flesh. Has a bold, straight-forward character in its taste, with more than enough acidity and earthy nuances to balance its sweet, fruity flavors. Named by Gary Ibsen, Tomatofest seeds, after he met Julia		Indeterminate, mid season. Potato leaf plants yielding avg. 1lb fruit	3.25 (cups)
tomato	heirloom	Pink Beefsteak	<b>Mortgage Lifter</b>	This huge heirloom beefsteak (up to 4 lb.; average 2½ lb.) consistently wins taste-tests. Developed in the 1930s by a gardener who planted the four biggest varieties he knew and crossed one with pollen from the other three. He did this for six seasons and created a variety that produced immense, tasty fruit. He sold the plants for \$1 a piece and paid off his \$6000 mortgage in 6 years.		Mid season, 16 to 24 oz large, meaty tomatoes. Indeterminate.	3.25 (cups)
tomato	heirloom	Big orange heart shaped	<b>Homer Fikes Yellow Oxheart</b>	The abundant amount of distinctively beautiful, yellow-gold, heart shaped, fruit up to 3 lb. has been one of the greatest tomato pleasures for me. Truly a wonderful gift to place in the hands of a loved one or friend. Guaranteed to get a "WOW!" in response. Meaty flesh, few seeds, and delicious fruit-sweet flavors.		up to 3lbs, Indeterminate. Late Season	3.25 (cups)

tomato	cherry	black, early	<b>Black Cherry</b>	Plentiful clusters of juicy-sweet deep-red tomatoes with a blackish hue. An heirloom too rarely encountered, this delectable variety fully merits a place in the garden and on the dinner table. Yields plentiful clusters of perfectly round 1" true cherry tomatoes that are deep red with a blackish hue. The flavor is complex, rich, juicy and sweet.		Indeterminate, Early-65 days	3.25 (cups)
Tomato	grape	Grape Red	<b>Sweet Thing</b>	Incredibly crunchy and very sweet, these red grapes are a real treat! They are a great snack and work well in salads, for cooking and as a pizza topping. Hardy and tolerant to early blight. High yield.		Early season, 63 days. Indeterminate	Gourmet Totes
tomato	cherry	red	<b>Super Sweet 100</b>	Scarlet, cherry-sized tomatoes produce long clusters right up to frost. Lots and lots of them! A favorite among Dan Schantz Customers. Plant grows over 5 feet tall. Hundreds of sweet succulent cherry tomatoes.		mid season, 70 days. Indeterminate 1 oz fruit.	3.25 (cups) 1204 packs Jumbo square

tomato	Cherry	Sweetest cherry pinkish red	<b>Sweet Treat</b>	A Pink Cherry with the Ideal Flavor Blend! Sweet Treats sets big clusters of 12 to 15 oblong-ish, rosy-pink tomatoes, each weighing ¾ to 1 ounce. Let them ripen past the "red" stage into their full pink glory for best flavor and nutrition. You'll be able to clearly see the difference in color between them and all the plain old red tomatoes growing around them! Sturdy plants		Indeterminate, 70 days (early-mid season) small 3/4 to 1 oz fruits	3.25 (cups) 12" Trellis pots
tomato	cherry	Sweetest cherry yellow	<b>Sugar Snacker</b>	<b>Our most popular yellow cherry</b> tomato, they "Eat like Candy" and are sought after once our customers move away from our area. We actually have to send them out via mail to let them get their fix! Truly a dream, small 1" to 2" tomatoes with delicious flavor. plant grows up to 7 feet tall.		indeterminate, early to mid summer harvest.	Gourmet Totes

tomato	mid-season	red globe slicing	<b>Dans Favorite</b>	<b>Exceptional flavor! This is SERIOUSLY Dan Schantz's FAVORITE TOMATO!!!</b> Gorgeous color, early producing, space saving. Large and juicy PLUS disease resistant! Excellent slicing tomato on strong determinate vines. Absolutely delicious! (We almost could not find the seeds... <b>BUT WE DID!</b> )		Determinate Large to jumbo sized fruit High yield.	3.25 (cups)
tomato	early season	red globe slicing	<b>Early Girl</b>	Early tomato- round globe shaped with good taste. Developed in 1975 to be the earlier partner of "Better Boy". Disease resistance: V (Verticillium Wilt), FF (Fusarium Wilt, races 1 and 2)		Indeterminate, early season. High yield. globe, slightly flattened, 5-6 ounces	3.25 (cups) , 1204 packs and Jumbo pots
Tomato	Early season	Patio Red globe slicing	<b>Early Girl Bush Patio</b>	The earlier, the better. These extra-large, extra-early tomatoes grow on a true bush. The 4" across tasty red fruits are much bigger than Early Girl and ripen just 2 days later. The 18" plants are amazingly compact and self-supporting, yet productive. Multiple disease resistances.		Indeterminate, early season. High yield. globe, slightly flattened, 5-6 ounces	3.25 (cups)
tomato	Mid-Season	Patio Red globe slicing	<b>Husky Red</b>	(VFFASt) 68 Days. The unlimited production potential of an indeterminate and the controlled growth of a determinate combine for season-long production! Compact plants are only 4 to 4-1/2 ft., with dark green, rugose foliage and strong, thick, central stems. Attractive fruits typically weigh., and are ideal for small spaces, patios, planters and even larger pots.		Dwarf indeterminate. 5 to 7 oz	Jumbo pots
tomato	Mid-Season	red globe slicing	<b>NEW 2023 Red Snapper</b>	Delicious hybrid, with consistent fruit set in warmer conditions. resistance to Tomato Spotted Wilt Virus and Tomato Yellow Leaf Curl Virus. Produces large to extra-large, round fruits. Fruits are deep red with a delicious flavor. Extremely productive, bush growing habit. Fruits have a remarkable shelf-life once harvested!		Determinate Mid-Summer	3.25 (cups)

tomato	Early-Mid Season	Red globe slicing or salads	<b>NEW 2023 RuBee Dawn</b>	Extremely FLAVORFUL! RuBee Dawn is a large-fruited indeterminate red salad variety, that is very early maturing and has great flavor. The fruit are deep oblate in shape, smooth, firm, have a light green shoulder and have a deep red color at maturity. The compact plant has short internodes, is open with mid vigor and is well suited for staked open field and high tunnel. Key features are the very early maturity and great flavor.		Indeterminate	3.25 (cups)
tomato	Early-Mid Season	red globe slicing	<b>RuBee Goddess</b>	(VFFSt) 60-65 days. High quality, 8 to 10 oz. juicy fruits are flattened globe shaped, firm and have a deep red color at maturity. Productive plants were top performers in trials. Features intermediate resistance to Late Blight. Deliciously loaded with sweetness!		Indeterminate	3.25 (cups)

tomato	heirloom	Pink Beefsteak	<b>Mortgage Lifter</b>	This huge heirloom beefsteak (up to 4 lb.; average 2½ lb.) consistently wins taste-tests. Developed in the 1930s by a gardener who planted the four biggest varieties he knew and crossed one with pollen from the other three. He did this for six seasons and created a variety that produced immense, tasty fruit. He sold the plants for \$1 a piece and paid off his \$6000 mortgage in 6 years.		Mid season, 16 to 24 oz large, meaty tomatoes. Indeterminate.	3.25 (cups)
tomato	Jersey tomato	red globed slicer (slightly flattened)	<b>Rutgers</b>	Another winning Jersey tomato, returned to the market a few years ago. Pleasing flavor and taste, crack resistant. Smooth skin on a slightly flattened globe shaped fruit. Vigorous foliage helps prevent sunscald. Firm thick walls, yet soft. Uniform in growing.		Mid season, indeterminate. Disease resistant. Globe shape.	3.25 (cups) 1204 packs

tomato	mid-season	Red Globe Slicing	<b>Better Boy</b>	Large, delicious, bright red, high yielding fruits are borne in abundance starting midseason and continuing to frost. Good foliage protection prevents sun scald. Better Boy is highly adaptable and thrives in most climates and has very good disease resistance.		Huge, tasty, red tomatoes, many 1 lb. each. Mid season, 72 days. Indeterminate	3.25 (cups) 1204 packs Jumbo pots
tomato	Mid-season	Red Globe Slicing	<b>Big Boy</b>	The Big Boy Tomato is a large, globe-shaped, red slicer <u>tomato_variety</u> with a balanced sweet-tart taste. Big Boy is best known as <u>the first popular hybrid tomato</u> . Developed by Burpee Seeds in <u>Bucks County, Pennsylvania</u> , Big Boy is an <b>indeterminate tomato variety</b> that requires a heavy-duty tomato cage.		Indeterminate	1204 packs 3.25 (cups) Jumbo pots

tomato	mid-season	Red Globe Slicing	<b>Carolina gold</b>	One of the greatest tomatoes of all time and still a best seller. The fruits weigh in 10 oz. with many reaching 1 lb. or more. Healthy, indeterminate vines produce all summer long. The bountiful harvest begins about 78 days after setting plants in the garden.		Indeterminate, mid season. 10 oz + uniform fruit.	3.25 (cups) 1204 packs Jumbo pots
--------	------------	-------------------	----------------------	---	---	---	---

tomato	paste	red sauce and salads	<b>Health Kick</b>	Juicy, plum-shaped fruits weigh about 4 oz. and are bred with twice the amount of lycopene ( <b>Good for you stuff</b> ) than most tomatoes. Strongly disease resistant, particularly to Spotted Wilt. Sets loads of fruit under average growing conditions. Plants grow to about 4 ft. tall if staked. Great for sauces or salads.		Determinate, 4 oz fruits. Early to mid season, 72 days	3.25 (cups)
tomato	paste	red sauce	<b>Viva Italia</b>	Lycopersicon esculentum. (F1) Plant produces good yields of very flavorful and solid red plum shaped tomatoes. Tomatoes turn deep red when mature. This variety is excellent for eating fresh, as well for canning & freezing, and making paste, sauce, and salsa. Disease Resistant: VFFNA, Bacterial Speck. Determinate		Determinate, 4 oz fruits. mid season, 75 days	3.25 (cups) Jumbo pots
tomato	paste	red sauce	<b>Amish Paste</b>	Many chefs believe this is the ultimate paste tomato. Giant, blocky Roma-type tomatoes have delicious red flesh that is perfect for paste and canning. World class flavor and comes from an Amish community in Lancaster, Pa		Late season, 85 days. Indeterminate.	3.25 (cups)
tomato	paste	red sauce	<b>Roma</b>	This variety is popular for canning because it is thick and meaty with few seeds and has a rich flavor. It is also a heavy producer, which is convenient for home canners who need a short harvest period.		Mid season, Determinate. 4 oz fruits, Bush grows 3 to 4 ft. tall.	3.25 (cups) 1204 packs
tomato	Yellow Paste	Yellow Sauce	<b>Sunrise Sauce</b>	The ONLY yellow paste tomato! NEW in 2022 at our greenhouse, these BRIGHT orange Roma-shaped fruits arrive in an early one-time harvest window, optimal for making full-flavored sauces and salsa (F1 Hybrid 60 Days).
